Hi Everyone,

Attached is the updated and final WIP III input deck for agriculture.

There are two program goals, our Current Program Goal and 2025 Program Goal. The 2025 Program Goal meets the WIP III target assigned to the agricultural sector. The current program goal is if we repeated implementation from 2013-2018. For annual BMPs, the average from 2013-2018 for years when the BMP was reported was taken and applied to 2019-2025. For cumulative BMPs, the implementation from 2013-2018 was repeated for 2019-2025.

Thanks,  
Cassie
